A World Leader in
POS Systems

Find out why the Vectron intelligent point of sale solution is the POS of choice restaurants around the world

WHY VECTRON POS TOUCH 14 WIDE ?

Powerful

Vectron offers you all the features you want to run a Table Service, a Counter Service or a Fast Food restaurant! You even have more with built-in Script Language.

Stand Alone Secure Solution

As a single hardware and software stand-alone solution, the Vectron POS has no operating system, which means you can feel confident that your solution is secure from any malicious third-party software attacks over the lifetime of the product.

Cost Effective

With over 25 years of global experience in the restaurant POS industry, Vectron remains a leader in the delivery of cost effective and price competitive POS solutions.

PRODUCTS

Our software is not only unique in design, but also appropriate in any atmosphere. Whether one needs to supplement retail shops, restaurants, boutiques, or hairdresser shops, our POS Touch 14 Wide is suitable for a multitude of different environments. The scratchproof Vectron Pos Touch 14 Wide Hardware gives users the ability to view multiple functions without the need to scroll, allowing for a more efficient POS system.

VCOMMANDER - BACK OFFICE SW

With Vectron Control, you establish the connection between your Vectron POS system and your Windows PC quickly and easily. The back-office software offers numerous possibilities, from data access to central POS programming and useful control functions. Optimizing your placement planning and analyzing department and PLU reports is made significantly easier.

VECTRON MOBILE APP

The mobile order taking app is an exciting new application from Vectron. The staff can make sure that guests are served quickly and that errors can be reduced. The application can offer extra convenience when it comes to using the system wirelessly. It works on any type of iOS or Android device and over W LAN without any type of Internet connection. Using the Mobile App is intuitive for anyone and it can be done in a secure and quick manner.

MY VECTRON ONLINE REPORT APP

Business in your pocket! Use your smartphone or tablet via our app to analyze the performance data of your business online. In addition to compare your company's performance with historical data, you can also use reports to comprehend certain values within your company. Handling, managing and improving your business is made much easier with the use of the My Vectron App.
